Skills & Abilities

STRONG TECHNICAL BACKGROUND

- With over 24 years of professional experience, I have strong experience over other rotating equipment, turbines and compressors.

BREAKDOWN SERVICE AND MAINTENANCE

- Breakdown maintenance can be hectic but not for me. I have experience in handling large breakdowns, restoring and establishment of preventive maintenance.

AFTER-SALES REPUTATION/RELATION MANAGEMENT

- I strongly believe in repeat clients and thereby also over after-sales service. In this competitive world, when service is more important for sustenance, you can rely on me.

Hobbies

- Cooking at home, playing chess.
- Reading magazines, visiting places, listening to music.
- Reading specific books – those which help me learn and gain experience (books on entrepreneurship, strategies, management, or any programming language)
